Pay

### Processing

The web shop reserves the right to perform payment authorisation by phone. All orders are processed manually on working days 10:00 - 18:00 MSK.

Due to intensification of struggle against frauds in payments via Visa and Eurocard/Mastercard, payments without CVV2/CVC2 will fail.

The [Assist](#) system uses SSL to ensure your safety and privacy.

Further transactions are performed via private banking networks which are absolutely hacker safe.

All confidential data is processed in the [Alpha Bank](#) server. This means that no one including seller will see your card number and banking details.

### Security

SSL 3.0 protocol to secure information transmitted over our server. The certificate (128 bit) is issued by our bank in issuing digital certificates.
